"Through hardships of all year round
From universal hatred, and bleak
More cruel than the Hunter's lust of wound,
Yet Art has ever been
A living essence, an immortal thing,
And through the hand of Man
Will wrap the sentient Spheres of earth,
The skill of Art shall make Heaven from heaven."

Minor Sketches.

"Though loveliness will pass away
From individual beings, and is oft
More mortal than the human heirs of death,
Yet Art has ever been
A living essence, an immortal thing.
And though the hand of death
Will grasp the sweetest flowers of earth,
The skill of Art shall shake decay from beauty."
